

RJ's KidzKoop is an interactive play center serving local caregivers and their young children.

We, at RJ's KidzKoop, believe that active bodies lead to active minds. Our program promotes the physical, social, emotional, and cognitive development of young children.

We want RJ's KidzKoop to be a fun place for children and their parents to meet and play with others. Kids and parents will play, create, learn, and laugh together!

Moms, dads, grandparents, and other caregivers will all love sharing this bonding experience with the children in their lives.

## Open Play

Open play is supervised by RJ's KidzKoop staff but does not have the structure of a class. Adult caregiver must remain with the child at all times.

Children can enjoy 45 minutes of Open Play at RJ's KidzKoop for only \$5.00 per child.

**Call 508-476-2500 for schedule.**

## Classes

### Tumble Time

This class is designed to promote physical well being in a fun-filled indoor playground. Movement and music are incorporated into this class to promote fine motor and gross motor skills.

### Project Why?

Children in this class will explore the wonders of science while developing science skills through stories, songs, games, and art projects.

### Music and Movement

This class nurtures children's natural curiosity and imagination. Children will experiment with textures, shapes, and colors while doing activities that develop eye-hand coordination and observation skills.

This class is an exciting addition to our schedule! KidzFit will teach kids why it's important to eat right, exercise regularly and get enough rest -- each, in turn, helping to build healthier lifestyle habits.
